H. R. 583

To amend the Public Health Service Act to make the provision of technical services for medical imaging examinations and radiation therapy treatments safer, more accurate, and less costly.

IN THE HOUSE OF REPRESENTATIVES

January 19, 2007

Mr. Doyle (for himself, Mr. Pickering, Mrs. Capps, Mr. Duncan, Mrs. Blackburn, Mr. Rogers of Michigan, and Mrs. Wilson of New Mexico) introduced the following bill; which was referred to the Committee on Energy and Commerce

A BILL

To amend the Public Health Service Act to make the provision of technical services for medical imaging examinations and radiation therapy treatments safer, more accurate, and less costly.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Consistency, Accuracy,
- 5 Responsibility, and Excellence in Medical Imaging and
- 6 Radiation Therapy Act of 2007".

1 SEC. 2. PURPOSE.

- 2 The purpose of this Act is to improve the quality and
- 3 value of healthcare by increasing the safety and accuracy
- 4 of medical imaging examinations and radiation therapy
- 5 treatments, thereby reducing duplication of services and
- 6 decreasing costs.
- 7 SEC. 3. QUALITY OF MEDICAL IMAGING AND RADIATION
- 8 THERAPY.
- 9 Part F of title III of the Public Health Service Act
- 10 (42 U.S.C. 262 et seq.) is amended by adding at the end
- 11 the following:
- 12 "Subpart 4—Medical Imaging and Radiation Therapy
- 13 "SEC. 355. QUALITY OF MEDICAL IMAGING AND RADIATION
- 14 THERAPY.
- 15 "(a) Establishment of Standards.—
- 16 "(1) IN GENERAL.—The Secretary, in consulta-
- tion with recognized experts in the technical provi-
- sion of medical imaging and radiation therapy serv-
- ices, shall establish standards to ensure the safety
- and accuracy of medical imaging studies and radi-
- 21 ation therapy treatments. Such standards shall per-
- tain to the personnel who perform, plan, evaluate, or
- verify patient dose for medical imaging studies and
- radiation therapy procedures and not to the equip-
- 25 ment used.

1 "(2) EXPERTS.—The Secretary shall select ex2 pert advisers under paragraph (1) to reflect a broad
3 and balanced input from all sectors of the health
4 care community that are involved in the provision of
5 such services to avoid undue influence from any sin6 gle sector of practice on the content of such stand7 ards.

- "(3) LIMITATION.—The Secretary shall not take any action under this subsection that would require licensure by a State of those who provide the technical services referred to in this subsection.
- "(b) EXEMPTIONS.—The standards established under subsection (a) shall not apply to physicians (as defined in section 1861(r) of the Social Security Act (42 U.S.C. 1395x(r))), nurse practitioners and physician assistants (as defined in section 1861(aa)(5) of the Social Security Act (42 U.S.C. 1395x(aa)(5))).

18 "(e) Requirements.—

"(1) IN GENERAL.—Under the standards established under subsection (a), the Secretary shall ensure that individuals, prior to performing or planning medical imaging and radiation therapy services, demonstrate compliance with the standards established under subsection (a) through successful completion of certification by a professional organiza-

1	tion, licensure, completion of an examination, perti-
2	nent coursework or degree program, verified perti-
3	nent experience, or through other ways determined
4	appropriate by the Secretary, or through some com-
5	bination thereof.
6	"(2) MISCELLANEOUS PROVISIONS.—The

- "(2) MISCELLANEOUS PROVISIONS.—The standards established under subsection (a)—
 - "(A) may vary from discipline to discipline, reflecting the unique and specialized nature of the technical services provided, and shall represent expert consensus as to what constitutes excellence in practice and be appropriate to the particular scope of care involved;
 - "(B) may vary in form for each of the covered disciplines; and
 - "(C) may exempt individual providers from meeting certain standards based on their scope of practice.
- "(3) Recognition of individuals with extensive practical experience.—For purposes of this section, the Secretary shall, through regulation, provide a method for the recognition of individuals whose training or experience are determined to be equal to, or in excess of, those of a graduate of an accredited educational program in that specialty, or

of an individual who is regularly eligible to take the licensure or certification examination for that discipline.

"(d) Approved Bodies.—

- "(1) In General.—Not later than the date described in subsection (j)(2), the Secretary shall begin to certify qualified entities as approved bodies with respect to the accreditation of the various mechanisms by which an individual can demonstrate compliance with the standards promulgated under subsection (a), if such organizations or agencies meet the standards established by the Secretary under paragraph (2) and provide the assurances required under paragraph (3).
- "(2) STANDARDS.—The Secretary shall establish minimum standards for the certification of approved bodies under paragraph (1) (including standards for recordkeeping, the approval of curricula and instructors, the charging of reasonable fees for certification or for undertaking examinations, and standards to minimize the possibility of conflicts of interest), and other additional standards as the Secretary may require.
- "(3) Assurances.—To be certified as an approved body under paragraph (1), an organization or

1	agency shall provide the Secretary satisfactory as-
2	surances that the body will—
3	"(A) be a nonprofit organization;
4	"(B) comply with the standards described
5	in paragraph (2);
6	"(C) notify the Secretary in a timely man-
7	ner if the body fails to comply with the stand-
8	ards described in paragraph (2); and
9	"(D) provide such other information as the
10	Secretary may require.
11	"(4) Withdrawal of Approval.—
12	"(A) In General.—The Secretary may
13	withdraw the certification of an approved body
14	if the Secretary determines the body does not
15	meet the standards under paragraph (2).
16	"(B) EFFECT OF WITHDRAWAL.—The
17	withdrawal of the certification of an approved
18	body under subparagraph (A) shall have no ef-
19	fect on the certification status of any individual
20	or person that was certified by that approved
21	body prior to the date of such withdrawal.
22	"(e) Existing State Standards.—Standards es-
23	tablished by a State for the licensure or certification of
24	personnel, accreditation of educational programs, or ad-
25	ministration of examinations shall be deemed to be in com-

- 1 pliance with the standards of this section unless the Sec-
- 2 retary determines that such State standards do not meet
- 3 the minimum standards prescribed by the Secretary or are
- 4 inconsistent with the purposes of this section. The Sec-
- 5 retary shall establish a process by which a State may re-
- 6 spond to or appeal a determination made by the Secretary
- 7 under the preceding sentence.
- 8 "(f) Rule of Construction.—Nothing in this sec-
- 9 tion shall be construed to prohibit a State or other ap-
- 10 proved body from requiring compliance with a higher
- 11 standard of education and training than that specified by
- 12 this section. Notwithstanding any other provision of this
- 13 section, individuals who provide medical imaging services
- 14 relating to mammograms shall continue to meet the stand-
- 15 ards applicable under the Mammography Quality Stand-
- 16 ards Act of 1992.
- 17 "(g) Evaluation and Report.—The Secretary
- 18 shall periodically evaluate the performance of each ap-
- 19 proved body under subsection (d) at an interval deter-
- 20 mined appropriate by the Secretary. The results of such
- 21 evaluations shall be included as part of the report sub-
- 22 mitted to the Committee on Health, Education, Labor,
- 23 and Pensions of the Senate and the Committee on Energy
- 24 and Commerce of the House of Representatives in accord-
- 25 ance with 354(e)(6)(B).

- 1 "(h) Delivery of and Payment for Services.—
- 2 Not later than the date described in subsection (j)(3), the
- 3 Secretary shall promulgate regulations to ensure that all
- 4 programs under the authority of the Secretary that involve
- 5 the performance of or payment for medical imaging or ra-
- 6 diation therapy, are performed in accordance with the
- 7 standards established under this section.
- 8 "(i) Alternative Standards for Rural and Un-
- 9 DERSERVED AREAS.—
- 10 "(1) IN GENERAL.—The Secretary shall deter-11 mine whether the standards established under sub-12 section (a) must be met in their entirety for medical 13 imaging or radiation therapy that is performed in a 14 geographic area that is determined by the Medicare 15 Geographic Classification Review Board to be a 16 'rural area' or that is designated as a health profes-17 sional shortage area. If the Secretary determines 18 that alternative standards for such rural areas or 19 health professional shortage areas are appropriate to 20 assure access to quality medical imaging, the Sec-21 retary is authorized to develop such alternative 22 standards.
 - "(2) STATE DISCRETION.—The chief executive officer of a State may submit to the Secretary a statement declaring that an alternative standard de-

23

24

veloped under paragraph (1) is inappropriate for application to such State, and such alternative standard shall not apply in such submitting State. The chief executive officer of a State may rescind a statement described in this paragraph following the provision of appropriate notice to the Secretary.

"(j) APPLICABLE TIMELINES.—

- "(1) GENERAL IMPLEMENTATION REGULA-TIONS.—Not later than 18 months after the date of enactment of this section, the Secretary shall promulgate such regulations as may be necessary to implement all standards in this section except those provided for in subsection (d)(2).
- "(2) MINIMUM STANDARDS FOR CERTIFICATION OF APPROVED BODIES.—Not later than 24 months after the date of enactment of this section, the Secretary shall establish the standards regarding approved bodies referred to in subsection (d)(2) and begin certifying approved bodies under such subsection.
- "(3) REGULATIONS FOR DELIVERY OF OR PAY-MENT FOR SERVICES.—Not later than 36 months after the date of enactment of this section, the Secretary shall promulgate the regulations described in subsection (h). The Secretary may withhold the pro-

vision of Federal assistance as provided for in subsection (h) beginning on the date that is 48 months after the date of enactment of this section.

"(k) Definitions.—In this section:

- "(1) APPROVED BODY.—The term 'approved body' means an entity that has been certified by the Secretary under subsection (d)(1) to accredit the various mechanisms by which an individual can demonstrate compliance with the standards promulgated under subsection (a) with respect to performing, planning, evaluating, or verifying patient dose for medical imaging or radiation therapy.
- "(2) Medical imaging.—The term 'medical imaging' means any procedure used to visualize tissues, organs, or physiologic processes in humans for the purpose of diagnosing illness or following the progression of disease. Images may be produced utilizing ionizing radiation, radiopharmaceuticals, magnetic resonance, or ultrasound and image production may include the use of contrast media or computer processing. For purposes of this section, such term does not include routine dental diagnostic procedures.

1	"(3) Perform.—The term 'perform', with re-
2	spect to medical imaging or radiation therapy,
3	means—
4	"(A) the act of directly exposing a patient
5	to radiation via ionizing or radio frequency ra-
6	diation, to ultrasound, or to a magnetic field for
7	purposes of medical imaging or for purposes of
8	radiation therapy; and
9	"(B) the act of positioning a patient to re-
10	ceive such an exposure.
11	"(4) Plan.—The term 'plan', with respect to
12	medical imaging or radiation therapy, means the act
13	of preparing for the performance of such a proce-
14	dure to a patient by evaluating site-specific informa-
15	tion, based on measurement and verification of radi-
16	ation dose distribution, computer analysis, or direct
17	measurement of dose, in order to customize the pro-
18	cedure for the patient.
19	"(5) Radiation therapy.—The term 'radi-
20	ation therapy' means any procedure or article in-
21	tended for use in the cure, mitigation, treatment, or
22	prevention of disease in humans that achieves its in-
23	tended purpose through the emission of radiation.
24	"(l) Sunset.—This section shall have no force or ef-
25	fect after September 30, 2016.".

1 SEC. 4. REPORT ON THE EFFECTS OF THIS ACT.

Not later than 5 years after the date of enactment of this Act, the Secretary of Health and Human Services,

4 acting through the Director of the Agency for Healthcare

5 Research and Quality, shall submit to the Committee on

6 Health, Education, Labor, and Pensions of the Senate and

7 the Committee on Energy and Commerce of the House

8 of Representatives a report on the effects of this Act. Such

9 report shall include the types and numbers of providers

10 for whom standards have been developed, the impact of

11 such standards on diagnostic accuracy and patient safety,

12 and the availability and cost of services. Entities reim-

13 bursed for technical services through programs operating

14 under the authority of the Secretary of Health and

15 Human Services shall be required to contribute data to

16 such report.
